

LETTERS FIGURE  
FIRE CHIEF'S  
ARMY TRIAL  
GIVEN BADGE

Official Correspondence of  
San Diego Aviation  
School Put in Record.

San Francisco, Cal., Oct. 20.—A request to have official correspondence of the army aviation school at San Diego put in the record, during his court martial for "inciting discord and disrespect" while preparing charges against Capt. Arthur S. Cowan, was granted yesterday to Lieut. Col. Lewis E. Goodier, judge advocate of the western department.

The correspondence in question was that between Capt. Cowan, commanding the aviation school, and Lieut. Col. Samuel Reber, at Washington, commanding the aviation section of the signal corps, written during the last year and a half.

Letters in Correspondence.  
Included in it, it was said, is a letter described to the court by Lieut. Byron Jones as containing the words, "we'll have to knock and keep them in line," or words to that effect, written by Capt. Cowan to Lieut. Col. Reber. Other letters reflecting such an attitude, it was said, would be found in the correspondence.

Mail Gen. Arthur Murray, commanding the western department, testified today that Lieut. Col. Goodier's record was good, with the exception of the acts for which he is on trial. Those acts, Murray described, as "improper."

Capt. T. F. Dodd testified.  
Capt. T. F. Dodd, U. S. army aviator, stationed at Brownsville, Texas, testified today in the court martial of Lieut. Col. Lewis E. Goodier that fear of retaliation by his superior officers at the San Diego aviation school deprived him from reporting to an inspector irregularities in the administration of the aviation school.

BRONCHIAL COLD  
Yields To Delicious Vinol

Philadelphia, Pa.—"Last Fall I was troubled with a very severe bronchial cold, headache, backache, and sick to my stomach. I was so bad I became alarmed and tried several medicines, also a doctor, but did not get any relief. A friend asked me to try Vinol and it brought the relief which I craved, so now I am enjoying perfect health."  
JACK C. HEDLEY, JR.

We guarantee Vinol, our delicious cod liver and iron tonic without oil, for chronic coughs, colds and bronchitis. Sell, & Pollard, druggists.—Adv.

Mayor Lea Says Chief Wray  
Right Man for Place; Few  
Fires in September.

A gold badge bearing the five trumpets that symbolize the rank of chief was presented to John W. Wray, chief of the fire department, by the firemen Tuesday evening at 7. The presentation of the medal was made by mayor Tom Lea, who complimented the department for its efficiency and preparedness. He told the chief that the city had complete confidence in him.

Mayor Lea, prior to pinning the medal upon chief Wray's coat, stated that he had debated before selecting a new chief for the fire department, but when he had met chief Wray he realized that he was the man for the post. Chief Wray replied to the commendation in a few words in which he expressed his surprise and pleasure. The badge was engraved as follows: "To Fire Chief John W. Wray, from the members and friends of the fire department."

Chief Wray informed the mayor that he was gratified at the showing made by the fire department during September. During the month there were 17 fires and property valued at \$9,500 at stake. Insurance upon this property approximated \$54,000. The average call amounted to less than \$310. Less than the insurance companies consider \$500 a call a maximum upon which they can operate without losses.

Feed or a "Flop" Will  
Be Given by Salvation  
Army in Return for Work

A feed or a "flop" will now be available to every man who is out of work and is willing to do an hour's wood chopping, in return for a meal or a bed. Adjt. Guy Case, of the Salvation Army, has arranged for the opening of a wood yard in the rear of the Salvation Army headquarters where unemployed men may work and receive, in return, tickets for meals at local restaurants or beds in local rooming houses.

Adjt. Case has arranged for the distribution of a number of books of tickets at the bank, stores and to individuals. These tickets direct the men seeking assistance to the wood yard where by working one hour, they may receive an order upon a local restaurant for a meal. If the man who accepts the ticket works the hour and receives the meal, the ticket is individual giving the ticket will pay for the meal at the rate of 15 cents for each hour. If it is a bed that is wanted the same arrangement will be made.

To obtain wood and kindling for the unemployed to cut the Salvation Army is soliciting all of the goods boxes from the stores and these will be hauled to the Salvation Army yard. An old auto, which may be converted into a truck, is being solicited by the army for this work.

John Wray, a member of the local corps, will be in charge of the wood yard and will see that the men do their "bit" before they get their "bite."

LATEST SHIPMENTS OF GOLD  
ARRIVES FROM ENGLAND

New York, Oct. 20.—The latest shipment of gold from England to the United States, said to be the largest box of any of the previous shipments, arrived here yesterday and was placed in the army offices. The gold is said to consist chiefly of British sovereigns and to be worth approximately \$25,000,000.

The gold was consigned to J. P. Morgan & Co., but no official announcement concerning the value of the shipment was made by that firm. The latest shipment was surrounded by even more secrecy than the previous ones.

D. S. RUSSEK GIVEN HEARING  
ON CHARGE OF SWINDLING

The preliminary hearing of D. S. Russek, charged with swindling over \$50,000, was held yesterday in Justice J. C. Deaver's courtroom. Pending the signing of the testimony, Justice Deaver is withholding his decision.

Louis Silverman, the complaining witness, testified that he went to Russek and told him that he wished to buy \$1000 in Carranza currency. After he had made the purchase he was told that the money was not Carranza money, but was \$17.50 for the money.
